### OUT OF DISTRICT ENROLLMENT GUIDELINES\*

Dear Parents or Guardians:

**Buenas yan Håfa Adai!** Before making the decision to enroll your child(ren), please review the Guam Code Annotated and Board Policies below which entail conditions and requirements for “Out of District” enrollment in the Guam Department of Education. Should parent(s) agree to enroll child(ren) after reading the conditions set forth, please complete the request form attached. Failure to complete the form may automatically disapprove the request for “Out of District”.

#### **Title 17 Guam Code Annotated, Education:**

##### **§ 6102. Duty to Send Children to School.**

Any parent, guardian or other person having control or charge of any child who is at least (5) years of age and has not reached the age of eighteen (18) years shall send the child to a public or private full-time day school for the full-time of which such schools are in session. Failure to comply will result in a truancy referral.

#### **Board Policy 318 on School Attendance Area**

A child is required to attend the school which serves the attendance area in which:

- His/her parents or guardians live; or
- A guardian is defined as an adult other than a parent who has been lawfully invested with the power and charged with the duty of taking care of a child, as evidence by a court order.
- The adult who is caring for the well-being of the child(ren) while parents or guardians are off-island.

Children may be permitted to attend schools which are outside of their attendance areas if the administrator of the school determines that such attendance is necessary for the children to receive adequate after-school supervision by someone other than a parent or guardian providing space is available in the out-of-attendance-area schools. Students given such permission are responsible for their own transportation to and from school.

The school administrator **may rescind** an “Out of District” enrollment authorization(s) which have been granted to a student(s) if he/she incurs excessive tardies or unexcused absences or exhibit disruptive behaviors which could impede their educational progress.

The school administrator may prohibit student(s) from changing the public school in which he/they are enrolled during a school year if the administrator certifies in writing that such a change would cause or is causing academic or emotional distress to the students. However, this prohibition shall not apply to situations where the students’ parents or guardians change their residence.

#### **Board Policy 411 on Attendance and Grading:**

An additional essential component of academic excellence is the development of good work habits necessary to successfully compete in an increasingly competitive work force. Attendance is the cornerstone for the development of such good work habits. Consequently, the Board believes that the Department must place great emphasis on student attendance. For this reason, the following policy is established.
